New Cassel (Jennifer LaPoma): OU1 RD and OU3 RI/FS Negotiations: ERRD and ORC met with PRPs on 2/4. A faction of PRPs discussed willingness to conduct a PDI study for OU1 only and a lack of willingness to conduct OU3 RI/FS. ORC provided a clearer definition of OU3. PRPs have until 2/13 to provide EPA with a response as to whether the PRP group is willing to negotiate in good faith for the complete OU1 RD and OU3 RI/FS.
